TUDublin
2024 – Expected Graduation: 2028

St Peter's College, Dunboyne
Leaving Certificate
Completed

PROFILE

Creative Digital Media undergraduate who's done one real client project, I designed the logo, posters and Instagram identity for a yoga business. I've also mapped user flows for a pet adoption app and animated scenes for a group sshort episode animation in Blender. I'm organised, work well in a team, and I'm happy leading group projects. Looking for a design role where I can keep making user- focused work.

PROJECTS

UX / App design – pet adoption app - 2025

Designed a concept for a pet adoption app focused on usability and user experience, mapping user flows to keep the adoption process simple and intuitive.

Design & communications – college brochure - 2024

Created illustrations in Adobe Illustrator and laid out the brochure in InDesign, designing to fit brand guidelines and taking feedback into consideration.

Brand & social media – Align with Rachael - 2025
(yoga)
Designed the logo, promotional posters and branded graphics for a live yoga business, building a consistent design across the Instagram page.

Group animation – four tails - 2025

Collaborated in a team to produce a short, animated episode, animating the opening scenes using blender and contributing to the script and character designs, with characters based on our own pets.

Landing page – wicked for good -2024

Designed and coded a promotional landing page in HTML and CSS, building clear navigation and visual hierarchy to show the film's release.
